Attempted Assassination.

This morning at 11 o'clock when Mr. Geo. B. Enniss, the Local Editor of the NEWS, had finished his work, and put out the lights in the office. he started for home, but just as he had gotten about ten feet 'rom the News office door some scoundrel threw a large rock which fell in a few feet of him. Mr. Enniss hallowed out "what are you doing," but before he got the words out of his mouth a second rock was thrown which came near knocking him on the head. He then hallowed out: "What do you mean ?" when a third rock was thrown with great strength, which passed in about two feet of his body. Seeing that he was the victim of foul play, and not being armed, he retreated behind the large News sign in front of the News office and called for the police; but before assistance was procured the scoundrel, and would-be assassin had fled. The police exerted themselves to catch the scoundrel and would-be as-assin, but up to the time of going to press they had not captured him.

North Carolina Pluck-What a Little Tar Heel Done. We give below the plucky adventures of little Skinner Hoskins of Pasquotank county, the adopted son of Mr. and Mrs. J. L. Skinner. He is about 17 years old. Two years ago he wanted to go the University of Kentucky at Lexington as some of the boys from his county were there, he had but very little property, he worked very hard and by putting things together managed to go. During vacations he taught school and did other things which kept him up at school, during one vacation while at Lexington be wanted to visit the Mammouth Cave but did not have the means, so he challenged the whole school numbering between three and four hundred to walk it, a distance of 124 miles. Out of the whole school he could get only one to undertake it with bim, and be was a Pasquotank Co. boy, they starte! out, walked the whole distance in four days, after stopping there a day or two going through the cave and looking around the country, he started back by rail not having a cent in his pocket, when the conductor on the cars asked him for his fare the little fellow told his situation, and added that he had some money deposited in the Bank at Lexington. The conductor heard his story, and it was so straight and his face so honest looking that he trusted him, soon his return to Lexington he took the conductor to the Bank and paid him his fare. After this Skinner went to work and took the agency for several popular books, he would go to schoot during the week, and start out canvassing every Friday afternoon with his pack of books and sell until Saturday evening, by this means he made \$93. Wishing to see more of the world, he put this amount in his pocket and started. he went to Cincinnati, was there during the Radical Convention, (but not a bit of the radical in his views,) from there he went to Buffalo, thence to Niagra Falls, over into Canada, spent a day at Toronto, saw everything at the Falls, Goat Island &c. brought a few presents for all at home, came on down through New at the Centennial, and saw and saw until his eyes ached, then he come by sea to Norfolk, and from thence home, Skinner says he got very good board in Philadelphia 30r 00, por week, consisting of lodging, supper and breakfast-dinner be did without, or just a litte of something gotten from the bakers, he says a cents looked bigger to him there than a dollar did before, he wanted to see these places and things and said it was the only way for him to see them, and now, does not regret the time or the money, he told us of many curious and wonderful things, was more interested in the machinery he saw there than any thing else. Boys if any of you want to go to

The Holly Springs Speaking. The white people in and around Holly Springs got up a barbecue yesterday, intending to have a Democratic speaking, Hon. John Manning and Hon. Joseph J. Davis were expect ed to speak, but failed to reach there. A few of our noble young men who were there seeing that the Democratic speakers were not on hand, and that the Radicals were in full force, determined to reply. Jonathan Allbertson the Radical candidate for Secretary of State opened with a dry speech which lasted about an hour with little or no effect, one of the "boys" (as Ike Young calls them,) Mr. Plummer Bachelor made a fine speech which was a telling one, and had a fine effect on the audience. Ike Young the Radical Revenue officer followed in one of his pointless and exage rated harranges which was listened to only by the negroes, he was fullowed by Mr. R. H. Jones who completely wore Ike out to a frazzle, he took up all the points that Ike had made. showed his utter disregard for truthfulness, and explained the mainissues to the people in a forcibly argument which was received with great enthusiasm and applause and will tell on the day of election, after Mr. Jones finished, Ike jumped up on the stand and wanted to reply but all the white people, consisting of over two-thirds had become disgusted with him and left the place leaving about seventy-five negroes to hear him. Ail honor to the young men of the Tilden and Vance club who went to the rescue of the Demceratic cause, and saved the day.

Supreme Court.

Court met yesterday at 9 o'clock, all the justices on the bench (except Settle resigned,) the following cases were argued. J. W. Lancashire et. al. vs. Alexan-

der Mason from Cumberland, W. L. McKay for plaintiff. J. W. Hinsdale and J. C. McRae for defendant. State vs. John H. Threadgill from Anson, Attorney General T. L. Har-grove, and R. H. Battle for the State. S. J. Pemberton, Dargan and Pemberton for defendant. Death of a Native North Carolinian.

We clip the following notice of the desth of Barnabas Coffin, Esq., of Indianapolis, Indiana, from the Daily Sentinel of that city, of the 16th instant. Mr. Comn married a sister of the late lamented Governor Worth, of this State: "In the death of Barnabas Coffin our city has lost one of its most worthy citizens and enterprising merchants. He was widely known among our business men for his kind and engaging manners, his business sagecity, and un-flinehing probity in all the affairs of life He was born in Guilford county, North Carolina, on March 1, 1809. His whole life was spent in mercantile pursuits. After some years spent in that State he subved to Wayne county, Indiana, in the year 1840, where he resided and was well known until 1864, when he came to this city Here he at once engaged largely in his favorite occupation. His singuparly engaging manners and business sagacity soon won him many warm friends among our best citizens. During his whole life he was a member of the Society of Friends. For many months he was subjected to the most severe affliction, yet no word of murmur or complaint fell from his lips, but he bore his trials with the meekness and resignation common to the people of his society. He leaves a large family of children and a wide circle of friends to cherish his mem-

For the benefit of the Building and Loan Associations in this city we will state that at a meeting of the Stockholders of the Wilmington Building Association they passed a resolution, stopping the collection of dues from the share Holders.

A committe was also appointed to consist of three stockholders who belong to that class who have redeemed their stock, and three stockholders of that class who have not redeemed their stock, and the president, to take into consideration the practicability of bringing the affairs of the Association to a close.

Raleigh Light Infantry-Second An-

niversary.
The Raleign Light Infantry will celebrate their second ambiversary with a barbecue and target shooting at Mordecal's Grove next Friday. They will shoot for the champion gold medal, which is now worn by Mr. Henry Thomas, who won it at Kittrell's last year. The following are the Committee of Arrangements: W. M. Busbee, E. F. Smith, R. J. Williams, N. A. Steadman and F. C. Heartt.

We unhesitatingly say that the Raleigh Light Infantry is the finest in the State, the finest looking and the best drilled, and equaled by none in the State.

Fatal Kerosene Explosion at Trenton.

A man named John Wolf and his wife, were burned by the explosion of a kerosene lamp, a short distance from Trenton, N. J., last night, from the effects of which the woman died in a few hours afterwards, and the man is declared by physicians to be beyond the hope of recovery,

Pratt's Astral Oil is absolutely safe under all circumstances. Burns in any lamp. Over 60,000 families are nightly using it. It has been before the public for sixteen years. Movements of Cotton in Raleigh.

We omitted the receipts of cotton on last week, and therefore now give them for two weeks:

Receipts for the week ending July 15th, 152 bales; receipts for the week ending July 22d, 73 bales. Total, 220 bales. Receipts for the same two weeks last year, 310 bales; decrease in receipts for two weeks this year, 85 bales. Whole receipts since first September, 1875, to date, 38,770 bales; whole receipts same time last year, 34,757; increase in receipts this year to date, 4,013.

Our market has been steady at 10 to 10%; same time last year 14 cents. The prospects of the growing crop continues good.

The Raleigh Light Infantry to Avenge the Death of the Noble Custer.

We learn that the Raleigh Light Infantry of this city have tendered their services to the government to go to the frontier and avenge the death of the noble General Custer. As the times are so dull here, we think it a good thing to seek a place where employment is plentiful. Go ahead, boys, but don't fail to leave us a lock of your hair; for you know the Sioux's, they say, are fond of the locks of the pale face.

The best campaign document to send to the doubtful is the Raleigh NEWS FROM VANCE.

Vance at Edentou-The First District Well Represented -- Yeates; the Cob-Crusher Will Next Scalp the Modoc Mac--Maj. Jesse J. Yeates Nominated for Congress etc, etc.

[Special Correspondence of the News.] EDENTON, N. C. July 20th '76. Gov. Vance arrived here last night est after dark and was met at the wharf by the citizens of Edenton with a large torch-light procession. In the rocession were many Chinese lanterns and one large illuminated ban-ner, one side of which bore the inscription, "Yeates, the Cob Crusher, Will Next Scalp the Modoc Mac." Another inscription was, "Twenty Thousand for Vance." Another, Tilden, Vance and Reform." Greenville Band were present and enlivened the occasion with their excellent music. Arriving at the Berkley House, the crowd were so enthusiatic that Gov. Vance, Gen'l Leech, Fab. H. Busbee, Esq., and others, had to make speeches before they could get any support. they could get any supper. It seems as though the people of this district were more enthusiastic than any place we have yet visited, and, in fact, it is so everywhere. Every Democrat is wide awake and ready for hard work. All are nearly boiling over with Tilden and Vance.

The iron is up to a red hot heat, and from all appearances, all we have to do is to keep up the heat, and it will be an easy weld in November. At 11 o'clock this morning the delegates of the First Congressional District met in the Courthouse and organized by nominating Col. Spruill of Bertie county, temporary chairman. Col. Spruill, on taking the chair, said that before any great undertaking, we ought to call upon a Supreme being to guide and assist us, and called upon Rev. Mr. Leary to lead in prayer, which ne did in a very effective manner, calling for blessings upon the efforts of those who were trying to reform this great and glorious country.

A committee on permanent organization was then appointed, who retired, and soon returned and recommended that E. L. Mann, Esq., of Hyde county, be permanent president, N. L. Shaw, of Hertford, and W. T. Griffin, of Pasquotank, permanent secretaries, which was unap-

After several eloquent speeches it was announced by the chair that nominations for Congressmen would be in order. Judge Barnes, of Hertford county, in an eloquent and eulo-gistic speech, nominated Maj. Jesse J. Yates, of Hertford county, (the present member.) There are sixteen counties in this

nds to the nomination. After which Maj. Yates was nominated by acclamation. Lewis C. Latham, of Pitt county,

Congressional District, and sixteen

people to ratify them.

Maj. Yates and Mr. Latham accepted the nomination in short and eloquent speeches. The Senatorial Convention was

then called to order by General Rob-erts being elected President and W. D. Pruden, Esq., Secretary. W. C. Mercer, of Currituck, and Octavius Coke, of Chowan, were nominated for Senators from this district. This Convention being over, the great excitement of the day was the speaking of Gov. Vance and Gen. Leach, and the barbecue. Gen. Leach made the first speech which was full of argument and won to himself many new honors. After he closed, the large crowd went to work at the tables, everybody ate, and it seemed as though they kept eating, yet there was enough for all, and some left.
Two thousand were fed, and I must say I never saw two thousand hungry men as orderly and quiet as on this occasion. They had stood around the tables for two hours, while Gen. Leach was speaking, and during that time I do not think there was three pieces of bread taken from the table. Democrats are honest men and such decorum speaks volumes for the 1st District.

After the dinner the enthusiasm was so great that the people turned in and erected a stand in the middle of the street, so they could be around and close to Gov. Vance, for two and a half hours the Governor addressed the people. Burst after burst of apand cheer after cheer greeted the Governor and as he drove home the corruptions and misdoings of the Radical party, the neopotism and misconception of good government, the stealing and jobery of the Radical authorities, the wonderful promises of the Radical rulers. Their unfulfilled promises to the colored people, and the cear and true bill of indictment he brought in against the Radical party, were received with enthusiasm, and every-Although the Governor was not feeling well, and was very much exhausted from two nights ride across the country, yet this is one of the best speeches he has made. Everybody was delighted, and Gov. Vance has more friends than ever in the First District, and prominent men tell me that the Democratic vote will be larger than ever.

The crops in this section promise well, the usual area of cotton has been planted, but a larger area of corn. I cannot close without expressing my thanks to Dr. Berkley of the Berkley house. He fed 300 men to-day and yet there was enough for all, and the dinner was excellent. I am under obligations to him for courtises extended, and comforts furnished. We leave to-night for Raleigh.

APPETITE A NECESSITY.—Appetite is a necessity. Without it, sufficient food is not received into the stomach either to nourish the system or to give the stimmus to the bowels which they require. Both these organs and the liver become torpid in consequence, and the blood grows poor in quality and quantity. Improve the appetite, therefore, and avoid such results. This is most effectually done with Host tier's Stomach Bitters, a tonic appetizer and alterative without perf. It gives not only an unwonted zest for food, but enables the stomach to digest and the syst m to assimilate it. Flatulence, heartburn, nausea, and every other concomitant of indigestion, are removed by it, as are also billiousness and constipation. Each nerve and fibre of the body is made to tingle with health by its use, and it is the leading remedy for despondency.

LETTERS FROM THE PEOPLE. Third Quarterly Meeting.

Rev. J. P. Moore, P. E. of the Raleigh District preached a sermon at Edenton-street Methodist church yesterday of great excellence. His iext "Behold! What manner of love the Father hath bestowed upon

us, that we should be called the sons of God?" 1st John, 3d chap. 1st ver. For sound and clear exposition, range and comprehension of thoughts, logical force; and for beauty and ele-gance of diction and imagery, the sermon was superb. Only about twenty persons were present to hear it. Those who were present enjoyed a rich "feast of fat things." It will live in their minds and hearts, and produce fruit unto its real life. O! who can resist such love as the Father bestows? May this love win

all hearts! Rev. Mr. Moore will preach again to-day at Edenton-street church, at 11 o'clock A. M., and at 8 P. M. Com-munion after the morning service. Let the church be crowded with attentive hearers and devout worship-A. HEARER.

That Resignation.

Yes, I did, and so still desire to live at home and attend to my business. As my neighbors wished me to teach their children, I felt disposed to do so, and sent in my resignation according to your announcement, so I began to prepare for a transfer of the business to my successor. But some unexpected event occurred, and some facts not known before were ascertained, and I was convinced that a change of administration could not be made at this time without suspending and seriously damaging the orphan work. A new man could give new impetus to the work, but he could not at first understand some negotiations now pending and he might not be able to gather up the reins while the horses are trotting over dangerous ground. Besides, I am tenderly attached to the children, and I hope the day will never come in which personal com-fort or pecuniary profit would induce me to desert an orphan, in the nour of danger, or distress.

I am also exceedingly grateful to these liberal contributors, by whose benefactions the work has now been carried on for nearly four years. I feel that I would be unfaithful to them and unworthy of the confidence reposed in me, if I should take any step injurious to the work. So I am still the servant of the orphans and

the people. I am sorry to add that Hezekiah Strickland, of Duplin, died last night and was buried to-day, the 21st. He his faithful teacher, Miss Clewell, nursed him tenderly. Dr. Lands ex-hausted his medical skill; but the Lord took him home, and Rev. R. was then unanimously nominated for Elector. The committee passed a resolution endoming the contributional amendments, and calling upon the dred and six orphans at Oxford—all dred and six orph healthy and hearty. J. H. MILL.

JOHN C. SCARBOROUGH.

John C. Scarborough, our candilate for Superintendent of Public Instruction, has an appointment in Nash county to speak next week. There. as in every other place where he may speak, his stentorian voice will be heard, advocating boldly and earnestly the cause of reform and honest administration.

From Mr. Scarborough no uncer tain sound will go forth.

In 1861, though quite a young man, be connected himself with the Ralleigh Rifles and went to the front. His conduct as a soldier in the Peninsular campaign, in the battles around Richmond, the first Maryland campaign, the battles of Fredericksburg and Hamilton's Crossing, was all that his commanders could ask. With his command he shared the fortunes of the army of Northern Virginia, and in all its marches and battles, tri umphs and defeats, he never missed s match or a fight in which his commanders, Rhodes, Ramseur, Grimes, Cox and other brave leaders, were called to participate. He received several slight wounds, but not till the battle of Cedar Creek, in the Fall of 1861, while charging by the side of erolite as follows: the gallant Cox, did he receive such a blow as to force his absence for a time from the army. But he soon joined his command again, and in the battles around Petersburg, and on the retreat to Appomattox, the brave, faithful Scarborough was ever at his post, and at Appomattox took part in the last charge of the remnant of Lee's noble army.

Since the close of the war he has acted on this advice of General J. B. Gordon in his farewell address to his corps: "Go home; be peaceable, lawabiding citizens; follow honest callings, and try to build up the waste places in your State. And never be be ashamed to look the world in the face, and say, each one of you, 'I was a Confederate soldier."

In 1866, determined to prepare himself for a greater field of usefulness, he went from the plough-handle, where he had been from the surrender. to Wake Forest College (in his soldier's dress) where he graduatedin June, 1869, involved to the amount of about \$1,200, as he had gone through college with out money and on credit. He was then employed as Tutor of Wake Forest College, and at the end of two years service in that position he had paid off the above debt, which showed that the confidence bestowed upon him was not misplaced. He is now educating his brother at Wake For-

est College. Since August, 1871, be has been in charge of a school at Selma, Johnston county, and has the entire confidence, esteem and respect of all who know him.

As a soldier, citizen, educator, he is ever faithful, honest and true. A man of the highest integrity, high sense of honor, unsullied reputation, an independent thinker, bold speaker, well posted and an able debater, he will be of great ervice to our ticket. Raised on the farm and taught to labor from boyhood, he knows the worth of a dollar, and can appreciate the condition of our much oppressed and necdy people.

MR. WHEELER'S LETTER OF ACCEPTANCE.

The letter of the Republican candidate for Vice-President is before the country. To us, the principal point of interest is in its views upon the question of the relations of the South to the Federal Government.

Mr. Wheeler seems to base all his remarks touching this subject, upon the idea that the South is little more than a conquered province, demanding the fostering care of the North; and that we are all semi-barbarians who need to be civilized, insproved, and enlightened by Northern men.

There is a quiet assumption of superiority by Mr. Wheeler that is characteristic of the down-East Yankee who believes Boston to be the hub of the universe, and New England the home of the saints.

Mr. Wheeler says: "We compelled these people to remain in the Union, and now duty and interest demand that we leave no just means to make them good, loyal citizens." Mr. Wheeler talks of the people of the South as though we were not of the Union, but only an appendage to idently. He repeats what he said some years ago-"We of the North delude ourselves in expecting that the masses of the South, so far behind in many of of the attributes of enlightened improvement, are, in the brief period of ten or fifteen years to be transformed into our model Northern communities. That can only come through a long course of patient waiting, to which no one can now set certain bounds." The patronizing, contemptous spirit manifested in this, may be pleasing to the Southern men who bend the knee to the Mortons. Camerons, Blaines, Phillips, Forneys, and other haters of the South, to makes many converts to Mr.

A BRILLIANT METEOR.

A meteor of extraordinary brillian cy was visible in many parts of Western North Carolina, at nine o'clock p. m., on Sunday, July 9. Notices of it appeared in the Burke Blade the

The Spartanburg Spartan (S. C.) thus describes it : "A meteor of unusual size and brilliancy shot athwart the heavens about 9 o'clock on Sunday night, passing from South to North. It was so brilliant that the whole earth was illuminated, the trees casting distinct shadows upon the earth. Parties from Col. Clayton's camp on the Spartanburg & Asheville railroad, state that it made a rushing noise, and it is said that Col. Clayton heard a loud explosion, the mountains shaking as from an earthquake, and the Colonel thinks that the mountain was struck somewhere bythis ærial traveller."

Our Northern exchanges indicate that this same meteor was seen in al parts of the country embraced within an area of say five thousand square miles, and having New York as its centre. The Herald speaks of this

"This remarkable phenomenon was rendered still more interesting by the fact that at a certain stage of its flight through the heavens, it exploded like a monster rocket, and scattered fragments of its fiery mass in diverging directions from its line of flight. But these pieces were of different colors, and produced, by their brilliant lights, due to metallic combustion, the impression on persons not familiar with the movements of meteorites that a grand Centennial display of fireworks was taking place somewhere in their neighborhood.

The explosion which occurred during the apparently slow movement of the fiery centre seen on Sunday night proves it to have been a true meteoric mass or aerolite. These wandering bodies of matter revolve in space around the earth, and as they travel with prodigious velocity they take fire by friction with the air the moment they enter our atmospheric envelope, and burn with extraordinary brilliancy while passing through it toward the earth, frequently bursting before reaching terra firma as did that of July

Sitting Bull is a good French scholar and delights to read the life and military exploits of Napoleon and Charles XII of Sweden. Salisbury Watchman : One of the rads as the delegation left Raleigh, telegraphed to one of the head buzzards here to have big bonfires and the town lighted for their reception, several speakers a. board, and-so-forth. When they got here there was no crowd or fires, and not even an addenda ornament on the pump.

Petersburg Index - Appeal: Billy Smith, the Radical candidate for Lieuten ant Governor of North Carolina, got his title of Bloodhound Billy by hunting conscripts and deserters during the war with bloodhounds. Billy will have to use his hounds to trail up any white votes he will get in the canvass.

The Republican Congressional Convention meets in Goldsboro next . Wednesday. Hyman claims to have seven votes sure on the 2d ballot, if not on the first; eight will be necessary to a choice. He and Brogden will enter the contest with nearly equal strength, and it remains to be seen which of the two is the "best man."

Milton Chronicle: Judge Settle and W. A. Smith are the radical candidates for Governor and Lt. Governor. Neither of these men are radicals at heart. They affiliate with the radical party to get office-nothing more. Both men believe in their hearts that the radical party is desperately rotten and corrupt-and Bill Smith will tell you so on the sly.

Charlotte Observer: A friend write, us from Salisbury that the Rads of that place do not like the nominations of Settle and Smith. Leading ones say privately that Vance will be elected. The rank and file of the party were for Dockery, and do not fancy Settle any more because he was nominated. Meantime, the Democrats are solid for Vance and Jarvis; the column is unbroken-and there is not a murmur of discontent along the whole line

Policy of the Colored Men.

Charleston Journal of Commerce. 1 The interest of the white and colored people of South Cardina are closely interwoven. And, in the common pursuits of happiness, there should be between them harmony of action and mutual good feeling. They me here together, with no necessary but g nism, occupying co-ordinate live industries of life. Whatever eficc sone class, effects the other. They must prosper or suffer adversity alike. The white people have most of the c pit d and property, most of the capacity to organize and manage labor. The great body of the colored people constitute the laborers and men als of the Sate. To accomplish material prosperity, labor and capital-muscle and brain, must be in unison. For the great necessities of life and all the prime objects which enlist human orgies in Carolina, the interests of the two races are alied and insepararb'e and relations should be friendly and sympachetic. But demagognes have interposed their injurious teachings, and sown the seeds of distrust and alienation in the minds of the coloned people. In order to use the political power of the colored race cor the privilege of the franchise. General W. R. Cox. Wad sboro Herald.

The Chairmanship of a State Executive Committee is no sinecure. It is a post of work, care and responsiity, but of no pay. And the unselfish and patriotic spirit which induces General Cox to undertake the task again will be remembered. Since the death of the lamented

Bragg, who was his predecessor, Gen. Cox, has worked with a devotion as true, and with an assiduity and system as perfect as did eyer any man. Much is due him as a public man, and we hope to live long enough to he'p in paying the debt.

Thirteen unhappy Bangor fellows ate mourning the loss of rings, necklaces, watches, &c., which they have given from time to time to a beautiful blue-eyed and modest French girl who has suddenly made off for parts unkown. Each individual heart, lissfully ignorant of the other dozen. was broken at the news; but it afterterward appeared that the deficate thing was one of fifty young women who left France for the Centennial, determining to make green America bet the bills.-N. ... That arch-denunciator, Wendell Philips, has written a characteristic letter to General Sherman on the extermination idea, and gets sympathy therein from portions of the press once bitterly hostile to him. He says the real Custer massacre was wen that officer attacked a sleeping Chey

enne village, in 1868, and shot down men and women who were either our guests or prisoners, and not the retaliation of the other day, which he admits into legitimate warfare, ranking it with Concord, Lexington, Ball's Bluff and Gettysburg, He quotes President Harrison, a border soldier himself, to the effect that Indians could not be driven to arms against the government if it punished white men's wrongs against them .- Philadelphia Times.

A \$200,000 HOTEL.

What Dr. Pierce is Doing -- An Impor-

tant Enterprise. We learn that Dr. R. V. Pierce, proprietor of the "World's Dispensary," in this city, has perfected the pruchase of a large lot of land, on which he proposes to erect a large hotel for the accommodation of his numerous patients coming hither from all points of the compass. The land purchased by the enterprising Doctor is 234 feet front on Prospect Avenue, running through to Fargo Avenue, 332 feet; also an adjoining lot extending from the above to Connecticut Street. It is in the midst of our extensive system of public parks, fronts the old and beautiful Prospect Park, is but a short distance from the "Circle" in one direction, and the "Lake Front" in the other. The site selected is a fine one, being both beautiful and healthful; is one of the highest portions of our city, easily accessible, yet sufficiently retired to secure quiet, and commands a pleasant view of the lake and river, as weil as of the surrounding city and country. We understand that it is the intention of Dr. Pierce to erect a hotel at the cost of at least two hundred thousand dollars, where these who come to enjoy the benefit of his treatment may find all desired accommodations under one roof, instead of being scattered over the city as at present. We are further given to understand that our architects will be invited to submit plans for the proposed structure without delay .-Buffalo Express.

The Turkish Minister has received the following:

CONSTANTINOPLE, July 21 .- Yesterday seven batallions of infantry with two thousand Melicians under the command of Gen'l Mustapha Discladdin A. Zeki Pachas, attacked the enemy in the neighborhood of Belina. The Servians were entirely defeated and abandoned to our victorious troops, their entrenchments and four cannons. They retired to the Island of Athiraza where they are exposed to our artilery's fire.

A London special correspondent of the Daily News at Prince Milan's Headquarters at Parakin, telegraphs by way of Semlin, July 19th, as follows: "The affair of yesterday at Izvor, means defeat to, and confession of weakness on the part of the Servians, knowing that the Turks had communication with Widdin and could draw troops thence. It is a reasonable belief that General Leschiania attacked the Turks with all his available strength, but why did he attack at all? Clearly to anticipate the Turkish attack on Sailchar, because he did not wait for the promised co-operation of General Tchernoyeff, who either is delayed enroute, or has to fight his way on his own account, he may expect a speedy renewal of the Turkish attact on Sailchar, and much gloom prevails here while the Turkish continue thus to persistently assail the Eastern flank of the Servians, and while the Servians cannot do more than hold their own with difficulty Active operations towards the Southwest, where they were chiefly intended. Are manifestly impossible that more fighting in the same quarter is momentarily expected. The news from the Barakin specials are not worthy, because that the papers is openly in sympathizes with the Sclavanions.

Professional Garsmen from England to Participate in the Philadelphia Regatta.

NEW YORK, July 22.-The steamer Brittanic arrived having on board the first twenty of the college at Cambridge university, four of them are to participate in the Philadelphia Regatta.

Four well known Thames professional Oarsmen are going to the Centennial to participate in the Sep tember Regattas at Philadelphia, namely Spencer of Chelsea; Thomas of Hammerswith; Higgins of Shadwell; Queen of Hammerswith.

Failure of A Government Measure-One Hundred Houses Burned.

VERSAILLES, July 22 .- The bill restoring to the State the sole right of conferring degrees failed in the Senate to,day by a vote of 144 to 139. It was a government measure. The rejection was effected by an alliance between the Bonapartists and the Right. The result produced a great

WASHINGTON.

The Silver Bill inoperative-The Silver not on Hand-Nominations.

WASHINGTON, July 22.-The Star says the President has not yet signed the Silver Bill. Treasury officials say the section of the bill authorizing the exchange of ten million silver for a like amount of legal tender notes will be practically inoperative from the fact that the Treasury has not the silver on hand, and the amount being coined is only sufficient for the redemption of the fractional currency.

Nominations-George T. Talbot, of Maine, Solicitor of the Treasury; T. S. Brady, of Indiana, Second Assistant Postmaster General; C. C. Sheats, of Alabama, Appraiser of Merchandise, Mobile; Col. Benj. Alverd, Paymaster General with the rank of a Brigadier; George Andrews, Attor. ney for the middle district of Tennessee.

WASHINGTON, July 22-Senate .-The bill appropriating a hundred thousand dollars towards completing the Washington monument, passed

The River and Harbor bill resumed. Pending the question, being a proposition to recommit the bill with instructions limiting the amount to four millions. Senate adjourned.

The political debate was renewed by Edmunds. As an illustration of the character of the debate Mr. Edmunds is quoted. "On one occasion it was necessary to recall troops from the seat of war and encamp them in the public squares of New York city.', Towards the conclusion of his speech he read at length from Greenleaf's history of the rebellion, and argued that the democracy of the North as a party organization were in sympathy with the rebellion. The Senate at 9 o'clock is still in session.

The Senate Committee on comnferce held a special meeting, C. W. Copeland of New York argued in opposition to the personal liability provision of the steamboat bill, he also in behalf of the steamboat owners advocated the insertion in this bill of sundry features of last years bill

relative to patent sppliances. Capt, Scott, of St. Louis, was heard in advocacy of various amendments he proposed with view to enacting a S500; 26 Tickets \$300; 4634 Tickets at \$12 higher standard of qualifications for pilots engineers and inspectors.

General Sherman to One of the Indian

Peace Commissioners. WASHINGTON, D. C. July, 22 .-Gen. Sherman in a letter to Tappan one of the Indian peace Commissioners of 1868 calls attention to his frequent exertions in behalf of the Indians, by their statement with reservations notably in the settlement of Novajoes in Arizona and Cheyennes, Kiowas, Arrapahaes and Comanches on the Canadian and Cemetron rivers in the Indian Territory. The Gen. states he has never favored wanton destruction of human life in any instant, nor has there been on the part of any officer or soldier in the army, yet at the same time he believes in compelling these Indians to remain upon the reservations set apart for them. He states that at no time were Indians kept under more wholesome subjection or in better protection than during the brief period of the partial administration by the army.

Extradition Treaty with England.

LONDON, July 22.-The agent of the New York associated press here had an interview with Pierrepont yesterday in regard to the extradition question. Pierreponts statements are negative inferences of the Standard from Earl Derby's langnage in the House of Lords that there is a prospect of negotiations for a renewal of the extradition treaty on a more satisfactory basis. He said nothing had occurred in any wise altering the situation.

Postal Service on the Fast Trains With-

WASHINGTON, July 22.-All postal service on the special or fast trains is withdrawn. The service in other respeets remains as at present. Mr. Vail, the superintendent of the railway mail service, says the department is not crippled, as much as was generally supposed, from New York to St. Louis, and the Southwest mail leaves at 5:05 P. M. over the Pennsylvania Railroad. The mais from the countwest will be forwarded east by the way of Toledo and Cleveland, Ohio. The Southwest will hardly notice the change except to New England. No changes are noted on the Southern Atlantic coast or middle Southern States.

HAVANA, July 22.-General Boisroud Canal has been elected President A Falling Off.

NEW YORK, July 22.—Twenty-five hundred packages of white and colored blankets sold yesterday from wenty to twenty-five per cent. lower than the auction sales of July and August 1875.

Bishop Marvin, by the unanimous voice of his colleagues in the College of Bishops of the Methodist Episcopal Church South, has been detailed to visit the missions of that Church in China and ordain the native preachers.

Pinchback, the negro barber of New Orleans, who has been lounging around the Capitol in Washington for several years past as a claimant for a seat in the United States Senate, on Thursday pocketed the \$20,000 that had been voted him by the Radical members of that body.

The newspapers are filled with anecdotes of General Custer. Many of them prove that he was kind to Confederate prisoners, and especially was this the case when his old classmate General Ramseur, mortally wounded, fell into his hands.

It is a salesman who never sleeps and is never weary; who goes after business early and late; who accosts the merchant in his store, the scholar in his study the lawver in his office, the lady in her home, the traveler in the car or boat; a salesman who no purchaser can avoid. who can be in a thousand places at once and speak to thousands of people daily saying to each one the best thing in the best manner. A good advertisement insures a business connection on the most permanent and independent basis, and is in a certain sense, a guarantee to the customer of fair and moderate prices. Experience has shown that the dealer, whose wares have obtained a public celebrity, is not only enabled to sell, but is forced to sell at reasonable rales, and to furnish a good article. A dealer can make no better investment than in the advertising columns of a widely circulated newspaper. Such is the opinion of a man who is known to be the largest advertiser in the United States.
